

Recommendation to ensure consistency of process in checking references.

- Selection of References: Each applicant selected for an interview at the December meeting will have two references selected from their application. Selected references will receive a request to provide a written reference via email.
 - Staff will select two references for each applicant being interviewed and will circulate this list to the entire RCAC for review. RCAC members will have ~~two~~ one business days to recommend any changes to the list of selected references before the list is finalized.
 - Staff will review recommended changes received from RCAC members, but are authorized to make the final determination on which references are contacted.

- Reference Process:
 - Staff will send the approved list of reference questions to the selected references and ask for written response via email by ~~December 27, 2018~~ December 28, 2020. One week prior to that deadline, staff will send a reminder email to references whose responses have not been received.
 - The entire packet of reference feedback will be available to RCAC members by ~~January 2, 2018~~ December 30, 2020. Prior to the interviews, each RCAC member should review all responses. Remember that all information provided by the reference (including the identity of the reference) is confidential in nature and must not be shared with anyone other than RCAC members and staff.

- Additional Feedback
 - After reviewing information received from a reference, the Executive Committee may request additional feedback.
 - Additional feedback will consist of a follow-up discussion with the reference. Discussions will be conducted by two members of the Executive Committee who have been delegated this task by the Chair of the RCAC. The follow-up discussion with the reference will be conducted via telephone and shall be focused on specific subject(s) identified by the Executive Committee. Notes will be taken during this discussion and made available to the entire RCAC for review as soon as possible after the discussion.
 - As with all information provided by the reference, the notes from the feedback discussions are confidential.
